

Medicaid Story Collection Workshop

Protect Our Care – Illinois Coalition

Your story is important!
It can change attitudes
and influence the public,
including legislators.

In order to strengthen our advocacy against the proposed cuts to Medicaid at the federal level, the Protect Our Care Illinois (POCIL) Coalition needs your help!

Do you live in Illinois, are on Medicaid and/or SNAP, and are willing to share your story publicly on how Medicaid or SNAP has positively impacted your health and wellbeing?
